Digital Scenarios

THEME 1

Scene 1 : In the canteen

Mehmet : Hey, friends! Let's go.
Defne : Okay, Mehmet, but before leaving, let's tidy the table. It is our responsibility to keep our school clean.
Sude : Defne is right. We always follow school rules and take care of the environment.
Mehmet : Sure. Sude, can you give me those bottles? I'll put them in the bin. OK! There will be a school ceremony for the 29 October Republic Day. What will we do this year?
Sude : The choir is always in the spotlight during the Republic Day celebrations! Our teachers can organise an assembly with us to prepare a choir. I'm sure everyone will volunteer to join it.
Defne : That's a great idea! Sude, your plans are always good. Do you want to be our leader?
Sude : Okay, I can be the leader. But everyone can share ideas. Mrs Günay can help us make a programme. She is always so helpful and a great guide. She is also responsible for celebrations.
Mehmet : She also supports teamwork.

Scene 2 : In the classroom

Mrs Günay : Hey, kids! You know, we celebrate the 29 October Republic Day every year. Let's talk about your roles for the celebrations. What do you want to do?
Defne : Mrs Günay, I like reading poems and speeches. I can find Atatürk's speeches about Republic Day and put them on the noticeboard in the classroom. I want to draw pictures with beautiful colours and decorate the classroom with them. Our classroom will look amazing.
Mehmet : I want to carry the flag in the parade.
Mrs Günay : I am very happy. Everyone wants to help willingly. These celebrations are very important for our country.
Defne : Mrs Günay, we often like singing together with our friends. We want to prepare a choir together. Can you help us?
Mrs Günay : That's a great idea! Of course I can help you. A choir will be great. You have a short time for the preparations, and the examination week is after the celebrations. You need to work harder to make the grade!
Sude : Of course. We'll plan everything carefully. We'll work together for the Republic Day celebrations first, and later we'll focus on our exams.
Mrs Günay : I hope you will be successful.
Defne : Thank you, Mrs Günay. We will do our best.

Scene 3 : At the ceremony

Mehmet : Wow! This is amazing!
Defne : Yes. We waited for this day, and everything is all right!
Sude : Let's sing loudly in the choir.
Defne : Yeah! And Mehmet, you look so cool.
Mehmet : Thanks! I think this will be a great ceremony.
Mrs Günay : There you are! That was a wonderful Republic Day ceremony. Well done!
Defne : We did it with your help, Mrs Günay. Thank you!

Mrs Günay : You're welcome. You can be happy today, but don't forget we have exams next week. I know you will pass them too. You won't fail. You always study together for the tests!
Mehmet : Of course, Mrs Günay! We are all good team players!

THEME 2

Scene 1 : In the classroom

Ayşe : Hello, Larry. What are you doing in the classroom now?
Larry : Hello, Ayşe. I'm studying English.
Ahmet : Well, what are you reading silently, Violet?
Violet : I am revising the new words, Ahmet. I need some help with vocabulary work!
Ahmet : I can help you. I usually use a learning method: read the words aloud with a peer.
Ayşe : Oh, I remember it. We read the words in turns and ask each other questions, don't we?
Larry : Yes. It is an effective method. Last week, I got full marks on the English test!
Violet : Great job! I normally write the new words, but today I am reading them.
Ahmet : I sometimes write them down, but these days I am practising the words in pairs or groups.
Ayşe : Let's read each word one by one.
Larry : Why don't we review them together in the canteen after school?
Ayşe-Violet
Ahmet : OK.
Violet : The English teacher, Mr Alkan, is coming.

Scene 2 : The task

Mr Alkan : Hello, everyone. You have got a task today. You will work in groups.
Ayşe : What is it about?
Mr Alkan : It's especially about your routines and learning activities. You will write a dialogue. You are creative students. I want to see effective dialogues.
Larry : How much time do we have?
Mr Alkan : You have got ten minutes. Also, you will act it out.
Mr Alkan : Time is up. Which group wants to start?
Violet : We do!

Scene 3 : Groupwork

Ayşe : Good morning, friends. Let's talk about your routines and learning activities.
Ahmet : I usually get up early. I always have breakfast with my family before school. Then I go to school by school bus. When I listen to our teacher, I often mark important points with a highlighter. And you?
Ayşe : I wake up at half past seven. I have a drama course every weekend. My favourite learning activity is pair-work. I learn easily when I share ideas about exercises with a peer.
Violet : I sometimes have a quick breakfast, and then I always brush my teeth before school. When I go to school, I often revise lessons with my friends at school. I think it is an effective learning method.
Larry : I usually rest and do homework after school. Also, I normally prefer working on a task alone, but today I am working in a group. I like it.
Ayşe : I agree with you. Working in groups is creative and fun.

Violet : Well, how often do you practise English?
Ayşe : I practise it every evening with my brother.
Ahmet : I sometimes practise English with games.
Violet : I write a diary in English every day before I go to bed. It is helpful. Larry, what about you?
Larry : I'm continuing to use my method for English lessons. Firstly, I watch videos and take notes in English. Then I review and repeat them regularly.
Violet : It sounds nice. You know our new topic is ordinal and cardinal numbers. We can try it for practising them.
Ayşe : Sure! I do the same with songs.
Ahmet : Great ideas!
Mr Alkan : Well done!
Ayşe-Ahmet
Violet-Larry: Thank you very much.

THEME 3

Scene 1 : In the garden

Aysel : Hello, İnci. It is a beautiful day, isn't it?
İnci : Hi, Aysel. You're full of beans this morning! I liked your style.
Aysel : Thanks, you're so polite. You know, I always try to look good.
İnci : Well, you always look lovely.
Aysel : Thank you, İnci. You look great, too.
İnci : Thanks, Aysel. Are you ready for some shopping? I want to buy a gift for my mother's birthday.
Aysel : Sure, I should buy something for my brother, too. My mum will drive us to the shopping mall. Let's go then.
Aysel's mum : Are you ready?
Aysel and İnci : Yes!

Scene 2 : In the shopping mall

Aysel : Does your mother wear jewellery?
İnci : Yes, she has got many necklaces and earrings. She cares for her physical appearance.
Aysel : Hey, that chain bracelet looks attractive.
İnci : Yes, and that small purse is also lovely.
Aysel : You are right. The accessories here are nicer than the other shops.
İnci : Yeah, maybe you can buy that wallet for your brother.
Aysel's mum : Let's go in and do some shopping then.
İnci and Aysel : Sure.
İnci : Oh no! I can't find my purse in my backpack.
Aysel : Don't panic, just keep your cool! Are you sure you took your purse?
İnci : Oh, I'm not sure. It seems that I left it at home.
Aysel : Well, no problem. My mum can lend you some money.
Aysel's mum : Don't worry, İnci.

İnci : Thanks a lot. It's so nice to have helpful and caring people like you.
Aysel : You're welcome. That's what friends are for! Now, let's go in.

Scene 3 : Back to the garden

Aysel : I want to ask you something.
İnci : Oh, what is it?
Aysel : Can you help me with my science project? You're very clever. You understand difficult topics easily. You always get high marks.
İnci : That's very kind of you! But you are more organised than me. You are always so tidy. I can be a bit lazy about that.
Aysel : Well, I think we should study together to complete our science project. We can help each other with our weak parts. When we work together, I can be more serious, and you can be more independent in sharing your ideas.
İnci : That's a brilliant idea! I'm sometimes too social when working in big groups and I can't stay focused. I need a patient peer like you to help me stay focused.
Aysel : Great! Let's meet at the library tomorrow.
İnci : Perfect! The library is the best place to stay focused. We will be a great team.

THEME 4

Scene 1 : In the classroom

Mrs Akman: Hello, everybody. Are you ready for a new project?
Students : Yes!
Mrs Akman: Our topic is your family members' jobs, working places, and job routines. OK?
Students : Yes!
Mrs Akman: You'll work in groups and search for information about them. Yes, Arya.
Arya : May I ask a question? When is the deadline?
Mrs Akman: You present your projects at ten o'clock next Monday. Also, you will write about your dream jobs in your presentations. Is everything clear?
Students : Yes!
Çağlar : Arya, what is the last task?
Arya : We are also writing our dream jobs in our presentations until next Monday.

Scene 2 : In the classroom

Mrs Akman: Good morning, everybody. I hope you are ready for the presentation. Who wants to start first? Yes, Çağlar, come here, please!
Çağlar : Thank you, Mrs Akman. Hello, everybody. My father is an engineer at a company. He designs systems. My mum is a manager in a hotel. My dream job is to be a designer. I am attending a design and art workshop next week.
Mrs Akman: Thank you, Çağlar. Yes, Arya. Come to the board, please.
Arya : Thanks. Hello. My mum is a cook in her small restaurant. She prepares delicious meals by herself. My dad is a dentist. He checks his patients' teeth in his clinic. I want to be a director. I am visiting a film set next Sunday.
Mrs Akman: Thank you, Arya. Tina, your turn, now.
Tina : Hi, everybody. My mother is an author. She writes books for children in her office. My father works all hours on his new job! He works as a reporter for a news agency. My dream job is to be a journalist. I am going to the news agency with my dad next Saturday.

Mrs Akman: Great! You also like searching for information. Well, Tom, you can present yours.
Tom : Thank you. Hello, everybody. My mum works as an officer in a government office. My dad works as a professor at a university. He teaches students. My dream is to be a businessman. I am helping my uncle, and we are selling clothes to different countries together next weekend.
Mrs Akman: Perfect. Thank you very much.
Tina : Mrs Akman, we feel happy when we prepare and then share our homework in class today. Could you give us another task, please?
Mrs Akman: Yes, that's right, Tina. Your new task is ready.
Students : Yippee!
Mrs Akman: You will talk about your family homes and houses at 10.15 next Tuesday. Got it?
Students : Yes!

Scene 3 : In Arya's house

Arya : Welcome to my home, friends. Please make yourselves at home!
Tina : Thank you, Arya. Let's start doing our homework!
Arya : I live in a house with a nice garden. It has a big entrance and two floors.
Çağlar : Is your room downstairs or upstairs?
Arya : It's downstairs. Let's have a look and take notes for our homework.
Tom : While I am telling the things in the room, you take notes. OK?
Çağlar-Tina
Arya : OK.
Tom : A blanket, a bookcase, a box, a carpet, a mirror, a clock, a curtain, a drawer, some furniture, heating, a key, a light, a pillow, a rubbish bin, a shelf, a towel, and a youth room set.
Tina : I have all of them in my room, and you?
Çağlar : Yes, I also have them.
Tom : Yes, I also have them. Our notes are ready. We are writing our presentations ourselves this evening. OK?
Çağlar-Arya
Tina : Ok!

THEME 5

Scene 1 : In the school garden

Melike : Hi, Kayhan, the music festival is the talk of the town. It was yesterday in your neighbourhood, wasn't it?
Kayhan : Oh, yes, Melike! It was the best, wasn't it, Ryan?
Ryan : Yes! You know my dad is a musician. He and his band organise festivals every year. First, they practise songs together. Then they perform jazz, pop, rock, and rap songs on the platform during festivals. They were at the concert yesterday. Were you there, Rosa?
Rosa : Of course! Your dad and his band were amazing. I enjoy listening to rock music at festivals.
Kayhan : Me too. The audience was pleased to sit on the grass during the festival.
Rosa : It was better than a chair. I like sitting on the grass.
Melike : Why do they organise festivals and events?
Ryan : Because the local directors want to celebrate the national days with people in the neighbourhood every year. My dad and his band help them organise festivals and events like this.

Melike : I got it! Excellent!
Kayhan : Why weren't you there, Melike?
Melike : Because I visit my grandparents every weekend. So I was with them yesterday. I like listening to music. Next time, count me in!

Scene 2 : In the canteen

Melike : Was there a traffic jam on your way here?
Kayhan : Yes. The city is busy today. Everybody is rushing and trying to catch the tram and buses. Also, public transport was crowded yesterday because of the festival. There was no parking available. I was on my bicycle. I always prefer riding my bike to taking the bus or train.
Ryan : There were different means of transport. There were also signs and directions along the roads, the underpass, and the overpass near our neighbourhood. I normally skate everywhere, but yesterday I was tired. I took the bus.
Rosa : I prefer going everywhere on foot. I sometimes cross the underpass and link my walk with the tram ride. But yesterday I was on my bike. Ryan, what about your dad and his band?
Ryan : They have their own instruments and materials. So they always go to festivals in a van.
Melike : Well, they were tired after the great concert, weren't they?
Ryan : Sure. But my dad was pleased with the audience and their performance. They will organise another local and social event. They plan to raise money for local schools.
Kayhan : Wow! Perfect! Melike, it's a chance for you, then.
Melike : That's right! Why don't we plan it and go there on foot together?
Rosa : Good idea! Walking with best friends is the most fun!

THEME 6

Scene 1 : Festival area

Aylin : Hello, everyone! I'm Aylin, and this is my friend Jason – we're the reporters here at the festival. Welcome to the international food festival.
Jason : Hello, everyone! We will show you delicious cuisines from different countries today.
Aylin : We were in Italy for another festival last week. Chefs from different countries, such as England, Greece, India, Belgium, and Sweden, cooked delicious meals.
Jason : The festival was in Rome, the capital city of Italy. We experienced traditional street food everywhere in the city, didn't we?
Aylin : Sure! Let's hunt for flavour!

Scene 2 : Interview with a chef

Jason : Welcome to the festival, Chef Civan. Can you tell us about your experiences?
Chef Civan : Thank you. I lived in different countries for a while, first in Spain, then in France, and later in Denmark. I had a culture shock when we moved to Spain, but I learned incredible things about cooking. I enjoyed cooking main courses and starters there.
Aylin : Can you speak any foreign languages?
Chef Civan : Yes, I can speak Spanish, French, and Danish.
Jason : Well, you learned the recipes easily because you could communicate with Spanish, French, and Danish people.
Chef Civan : That's right! Living in a country is the best way to learn about its traditions, dishes, and language.

Aylin : I agree with you. What did you cook today?
Chef Civan : Sour and crunchy chicken from street food stalls or pop-up markets. It's also a bit spicy and crispy.
Jason : Wow! It's high-quality and flavourful.
Aylin : You can find crunchy chicken everywhere, but you can't find this taste anywhere else.
Chef Civan : This recipe was the winner in a food competition in Spain.
Jason : So, the ingredients come from Turkish, Spanish, French, and Danish cuisine, don't they?
Chef Civan : Sure.
Aylin : Thank you very much, Chef.
Chef Civan : You're welcome.

Scene 3 : Interview with an official

Jason : Now, we are interviewing an official from the government, Mrs Smith.
Aylin : Hello, Mrs Smith. It is a gorgeous festival. Which cuisines are here?
Mrs Smith : Thank you. Turkish, English, German, Austrian, Polish, and Dutch people are here. When they prepare their traditional and national dishes, we have a chance to experience their traditions.
Jason : And we can learn about their flags and historic parts of the country while we are visiting their food stands.
Mrs Smith : Each participant wears their own traditional clothes and prepares brochures.
Aylin : Yes. Brochures are written in their own languages, like Turkish for Türkiye and the Turkish Republic of Northern Cyprus, English for England, German for Germany and Austria, Polish for Poland, and Dutch for the Netherlands.
Mrs Smith : Thank you, Aylin. Well, we are waiting for our guests.
Jason : There is a big crowd here. I can't wait to taste other dishes.
Mrs Smith : Try homemade cookies. They are flavourful and a bit bitter.
Aylin : Thank you very much, Mrs Smith.
Mrs Smith : You're welcome. Enjoy your meal!

THEME 7

Scene 1 : In the school garden

Toprak : What do you think about our school camp last weekend, Doğa? It was a great adventure, wasn't it?
Doğa : Sure, Toprak! I loved it. Hiking was the best part. We walked up the green hill with our teachers!
Toprak : I love hiking, too. Also, I want to try snowboarding next winter. Do you like winter sports?
Doğa : No, not really. I prefer summer activities like swimming.
Toprak : Oh, I see.
Doğa : There is something important I realized at the camp. We saw plastic rubbish everywhere. It's harmful for nature.
Toprak : You're right, Doğa. Pollution is a big problem for all of us. We must reduce the waste to protect nature.
Doğa : Also we must recycle more and use reusable bottles. We can replace plastic bottles with reusable ones. We are against throwing rubbish in the forest, aren't we?
Toprak : Sure! We have to do something to prevent pollution. Everyone must protect nature. Let's go and talk to our friends.

Scene 2 : In the classroom

Doğa : Hey, friends! We want to say something. You know we sometimes camp with our teachers in the forest. On our last school camping trip, we saw too much rubbish there.

Toprak : And this harms nature. We should do something together to save nature. What do you think, Mustafa?

Mustafa : I think we should start a campaign about it. We can share our ideas with our teachers.

İrem : I agree with Mustafa. A campaign is perfect! We can make posters to find more people to support the campaign.

Ahmet : You are right, İrem. We can also start a campaign about planting trees. My dad has green fingers, his garden looks amazing! I'm sure he will help us with this.

Doğa : Okay, Ahmet. These are great ideas. Let's do both. We can organise a clean-up day first and then a tree-planting event in the area we cleaned.

Toprak : Let's meet after school and prepare the posters then.

Scene 3 : Back to the school garden

Doğa : Look, İrem. We picked all the rubbish and planted many trees. We succeeded, didn't we?

İrem : Yes, Doğa. Every little step makes a great change. We did it all together.

Ahmet : It looks so beautiful now. We have to make sure it stays this way.

Mustafa : Yes, Ahmet. We have to protect our new forest.

İrem : This is an important point, Mustafa. Let's make this a regular event! We can organise a "Protection Team" and a clean-up day every season. I guess Doğa would like to be in the team. She's wild about protecting nature!

Doğa : Of course! I'm wild about protecting nature! We all will be the team leaders for nature. Count me in!

Toprak : Sure! We will keep working together.

THEME 8

Scene 1 : In the canteen

Uzay : I read an article about the new AI systems. Tomorrow's world will be different with new technologies!

Yıldız : It will be, but we have to be smart about it. We need to take care of our green planet! Technology shouldn't harm the environment.

Uzay : You're right! I saw a documentary about it. The new eco-cities give us a glimpse of future living! They use solar power and have roof farms on buildings.

Yıldız : That sounds interesting. So, is there a bright future ahead with new technologies?

Uzay : I think so. It's not just about smarter phones, but about a healthier planet.

Yıldız : I agree. A future with technology and nature together sounds like a great time to live. Oh, the bell is ringing. The lesson is going to start soon. Let's go to class.

Scene 2 : In the classroom

Mrs Ay : Hello, class! Today, we are going to talk about our solar system. Yıldız, can you say the names of the planets in our solar system, please?

Yıldız : Sure. Let's start from the planet closest to the Sun. Mercury, Venus, Earth, Mars, Jupiter, Saturn, Uranus, Neptune.

Mrs Ay : Well done, Yıldız. You know the order very well.

Yıldız : Yes, Mrs Ay. I remember the order of the planets easily with the help of your example sentence.
Mrs Ay : Oh, nice. Can you share the sentence with your friends?
Yıldız : My very educated mother just showed us Neptune.
Mrs Ay : Thank you, Yıldız! Class, do you see how it works? The first letter of each word helps us remember the names of the planets easily. Now, the next question is for Uzay. How long does it take the Earth to complete its orbit around the Sun?
Uzay : I know this one, Mrs Ay! It takes 365 days for the Earth to go all the way around the Sun.
Mrs Ay : Very good, Uzay. And we call it a year. And the last question is for Güneş. What is the name of the object around the Earth?
Güneş : It is the Moon, Mrs Ay. We can see it day and night when the atmosphere is clear.
Mrs Ay : Perfect, Güneş! Well done, class! You all did a wonderful job today learning about our solar system.

Scene 3 : Back to the school garden

Uzay : You know, we are going to talk about extreme weather conditions in the next lesson. I found some pictures about it. I hope our teacher will like them.
Yıldız : That's a great idea. What kind of pictures did you find?
Uzay : I found pictures of storms, thunder, lightning, floods, droughts, tornados, thunderstorms, blizzards, and hurricanes.
Yıldız : Wow, you found so many pictures. I think you are a research expert. I can't wait to see them. They will make the lesson more enjoyable, won't they?
Uzay : I hope they will.

THEME 1

At School

A friend always cares for you,
And follows instructions carefully too.
Students often greet their guide,
And willingly volunteer inside.

I care for my school,
I follow every rule.
I help with a smile,
And learn all the while.

The teacher supports them every day,
In a helpful and a careful way.
There is a festival for all,
We celebrate during the fall.

I care for my school,
I follow every rule.
I help with a smile,
And learn all the while.

THEME 2

In the Classroom

They are teaching us,
We are studying together.
We read aloud, then we read silently,
We are learning together so easily.

Let's count together,
Fifty, sixty, seventy, eighty,
Ninety, and one hundred.

We like sharing,
We like practising.
In a group, we mark the task,
In turns, one after another, we ask.

Let's count together,
Fifty, sixty, seventy, eighty,
Ninety, and one hundred.

THEME 3

Simple and Fine

My face is lovely, my hair is fair,
I've got a necklace that I wear.
My arms are strong, my legs are long,
My heart is patient, kind, and strong.

I like myself, I feel so great,
I am on time, I am not late.
I say hello, I smile and play,
I am happy every day.

My trainers are the cleanest pair,
My wallet is in my pocket here.
I don't need more things to shine,
This simple image is just fine.

I like myself, I feel so great,
I am on time, I am not late.
I say hello, I smile and play,
I am happy every day.

THEME 4

Home Sweet Home

Let's come and see my apartment,
There is a big and soft carpet,
There is a colourful and warm blanket.
When you come into my room, don't you see my youth room set?

My room is upstairs.
My kitchen is downstairs.
Upstairs, downstairs, and everywhere,
Warm and lovely.

The refrigerator, sink, and cooker,
A towel, a chopping board, and a drawer.
We have nice furniture in our home,
Home, home sweet home.

My room is upstairs.
My kitchen is downstairs.
Upstairs, downstairs, and everywhere,
Warm and lovely.

Nature's Call
I went hiking up so high,
The fresh air against the sky.
We cycled through the forest green,
The loveliest nature I've seen.

Nature's calling, hear the sound,
Keep it clean all around.
Pick up trash, plant a tree,
Love the Earth, let it be free.

People left their rubbish there,
We must recycle everywhere!
Pollution grew over the years,
Time to end our fears.

Nature's calling, hear the sound,
Keep it clean all around.
Pick up trash, plant a tree,
Love the Earth, let it be free.
